

## § 1955.140

## 7 CFR Ch. XVIII (1–1–08 Edition)

(i) A Federal entity will be selected over a State entity.

(ii) If two Federal agencies request the same land tract, priority will be given to the Federal agency that owns or controls property adjacent to the property in question or if this is not the case, to the Federal agency whose mission or expertise best matches the conservation purposes for which the transfer would be established.

(iii) In selecting between State agencies, priority will be given to the State agency that owns or controls property adjacent to the property in question or if that is not the case, to the State agency whose mission or expertise best matches the conservation purpose(s) for which the transfer would be established.

(6) In cases where land transfer is requested for conservation purposes that would contribute directly to the furtherance of International Treaties or Plans (*e.g.*, Migratory Bird Treaty Act or North American Waterfowl Management Plan), to the recovery of a listed endangered species, or to a habitat of National importance (*e.g.*, wetlands as addressed in the Emergency Wetlands Resources Act), priority consideration will be given to land transfer for conservation purposes, without reimbursement, over other land disposal alternatives.

(7) An individual property may be subdivided into parcels and a parcel can be transferred under the requirements of this paragraph as long as the remaining parcels to be sold make up a viable sales unit, suitable or surplus.

### § 1955.140 Sale in parcels.

(a) *Individual property subdivided.* An individual property, other than Farm Credit Programs property, may be offered for sale as a whole or subdivided into parcels as determined by the State Director. For MFH property, guidance will be requested from the National Office for all properties other than RHS projects. When farm inventory property is larger than a family-size farm, the county official will subdivide the

property into one or more tracts to be sold in accordance with § 1955.107 of this subpart. Division of the land or separate sales of portions of the property, such as timber, growing crops, inventory for small business enterprises, buildings, facilities, and similar items may be permitted if a better total price for the property can be obtained in this manner. Environmental effects should also be considered pursuant to subpart G of part 1940 of this chapter. Any applicable State laws will be set forth in a State supplement and will be complied with in connection with the division of land. Subdivision of acquired property will be reported on Form RD 1955-3C, "Acquired Property—Subdivision," in accordance with the FMI.

(b) *Grouping of individual properties.* The county official for FCP cases, and the State Director for all other cases, may authorize the combining of two or more individual properties into a single parcel for sale as a suitable program property.

### § 1955.141 Transferring title.

(a)–(c) [Reserved]

(d) *Rent increases for MFH property.* After approval of a credit sale for an occupied MFH project, but prior to closing, the purchaser will prepare a realistic budget for project operation (and a utility allowance, if applicable) to determine if a rent increase may be needed to continue or place project operations on a sound basis. 7 CFR part 3560, subpart E will be followed in processing the request for a rent increase. In processing the rent increase, the purchaser will have the same status as a borrower. An approved rent increase will be effective on or after the date of closing.

(e) *Interest credit and rental assistance for MFH property.* Interest credit and rental assistance may be granted to program applicants purchasing MFH properties in accordance with the provisions of 7 CFR part 3560, subpart F.
